

Attention Parents:

The **ACMH Foundation** understands the link between good vision and learning. Because of that, we are expanding our 2006 Kindergarten Vision Program to include all **Uninsured** Armstrong School District students grades Kindergarten through 6. Within the next few weeks, your child in grades K - 6 will be receiving a voucher for a **free vision exam** with his/her parent papers from school.

If your child is **uninsured** and has not had a vision exam this year, please watch for a voucher from the ACMH Foundation in his/her backpack. Please follow the instructions on the voucher when making your child's appointment. The following vision care providers participated in the summer's Kindergarten Vision program and have agreed to continue participation for this expanded program. Thank you to our area vision care providers!

Frank Genovese, MD

200 Medical Arts, St. 210
Kittanning, PA 16201
724-543-2146

Paul Lobby, OD

159 Butler Road
Kittanning, PA 16201
